Horse Placenta Non-silicon shampoo

*No Give up
firmness & glossiness*

Luxury shampoo containing 10% horse placenta

This shampoo contains 10% horse placenta extract luxuriously, and it is non-silicon and additive-free. The washing ingredients derived from plants promote healthy scalp for shiny beautiful hair while removing dirt from scalp with that fine lather. It is also suitable for body soap.

The product name: THE • SHAMPOO

The size: 200ml

How to use:

Dampen your hair in tepid water, apply it on the entire scalp and massage with the balls of your fingers. Don't rub hairs, but wash with lather gently. In the case of washing hair twice, it is a better way to apply a lather pack. Tepid water is suitable for rinse. The scent and color of shampoo are based from blended plant extracts.

Ingredients:

Water – Horse placenta extract – TEA-Cocoyl Alaninate – Palm Kernelamide DEA – TEA-Cocoyl Glutamate – Cocamidopropyl Betaine – Pentylene Glycol – 1,2-Hexanediol – Butylene Glycol – Polyquaternium-10 – Camellia Japonica Seed Oil – Quillaja Saponaria Bark Extract – Hydrolyzed Collagen – Hydrolyzed Silk – Soluble Keratin – Arctium lappa Root Extract – Citrus Limon (Lemon) Fruit Extract – Hedera Helix (IVY) Leaf/Stem Extract – Nasturtium Officinale Leaf/Stem Extract – Salvia Officinalis (Sage) Leaf Extract – Saponaria Officinalis Leaf Extract – Orange Oil – Lavandula Angustifolia (Lavender) Oil – Ethylhexylglycerin – Tocopherol

Attention:

Avoid restoring in unduly high temperature. Keep it away from children. Stop using if the ingredients cause skin irritation. Be careful not to put it in the eyes. If it gets in, flush the eyes with plenty of water immediately. It is rare situation to feel scalp itchiness, but if any, wait-and-see in a few times because it is mostly caused by the sebum or dirt of scalp and pores. If the itchiness doesn't stop for a long time, or skin irritation such as eczema and rash occurs, stop using and consult a dermatologist.
